## Welcome to Redline

R. B. Stimson

This will be the sixth Mid-South Sale in seven years. The sale was originally founded to provide a strong source of supply to Shorthorn and commercial breeders in this area. Each of us connected with the sale is proud that this has been accomplished. Even more important, the sale has stimulated Shorthorn demand to the point that we all enjoy an active private treaty trade and our bulls more rapidly when they reach sale age.

This happy situation forced us to cancel the 1969 sale. There just weren't enough cattle available to both meet the demand and to provide adequate replacements for our herds. Now we're back with the biggest offering yet, and certainly the best.

We're happy to welcome two new consignors this year, Hart Farms and Guntree Farms. Theirs are true foundation cattle and we recommend them as heartily as we do our own.

The sale cattle and the entire Redline herd will be ready early sale weekend and we hope you'll come well in advance of the sale. Please note that it starts earlier to permit you to get an early start home.

Kathryn and I look forward to welcoming you to our home for buffet dinner at 6:30 p.m., Sunday, April 5.

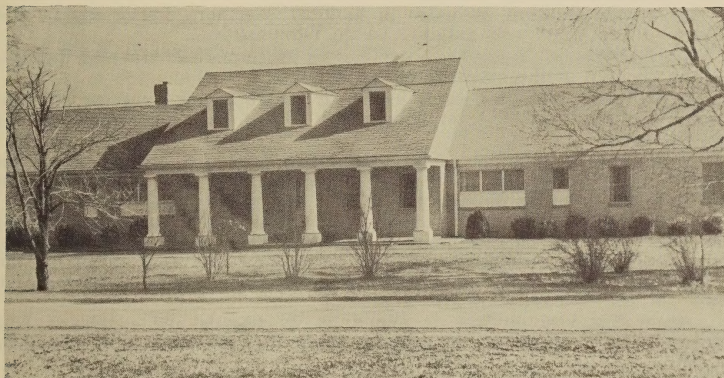

Cordially,

*R. B. Stimson*

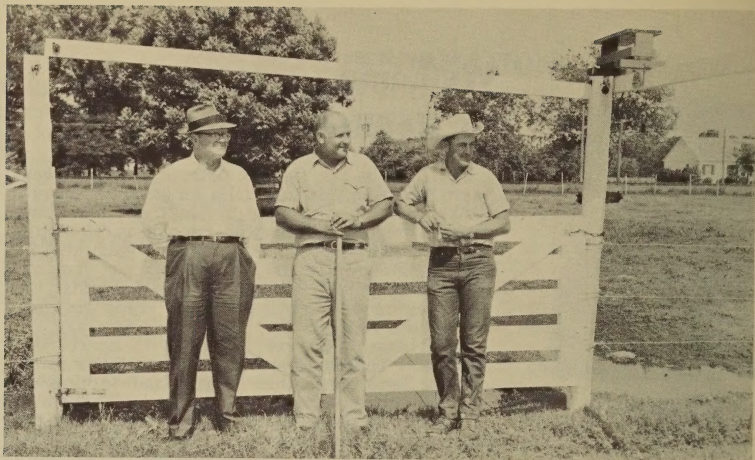

Redline Farms

Mrs. R. B. Stimson

Mr. and Mrs. R. B. Stimson welcome you to their home on Redline Farms. Plan to be their guest for buffet dinner on Sunday, April 5, the day before the Mid-South sale.

The men of Redline are, from left, R. B. "Bob" Stimson; manager Richard Yarnell, and herdsman Russell Sloan. They are three of the most genial and respected cattlemen in the business.

## From the Sale Manager —

When they coined the title "Builder of the Breed", they must have had men like Bob Stimson and the other energetic folks at Redline in mind. That's why, today, the name Stimson and Redline stand for quality and integrity wherever Shorthorns and Polled Shorthorns are known.

"Mr. Bob" is determined to make Redline the nation's biggest and best herd . . . and not just in terms of winning show cattle and top-priced animals. Redline is a practical place and Bob Stimson is a practical man. There are no frills and wasted movements, just plenty of good cattle that pay their way handsomely as part of a vast Mississippi Delta farming operation.

Everyone at Redline works with quiet determination. Bob himself is a director of the American Shorthorn Ass'n., its past president, a trustee of the National Shorthorn Foundation, and a "Builder of the Breed".

Bob's wife, Kathryn, is active in national Shorthorn Lassie affairs, was "Lassie of the Year" and national Lassie vice-president.

Manager Richard Yarnell is a well-known judge and has traveled throughout the country in the interests of the breed.

Russell Sloan deserves much credit for presenting and roading the successful Redline show herd throughout the South, and more recently on a national level.

The Mid-South sale has more than fulfilled its goal of expanding the Shorthorn base in the Mid-South area. The sale enjoys a fine reputation and the herds participating have developed a lively private trade as well.

As always, Redline is consigning many of its best bulls and females, including R L F Forerunner, reserve grand champion at the Mississippi State Fair; R L F Nugent, calf champion at both Mississippi and Arkansas State Fairs, and R L F Dorina 6th, grand champion female of the Arkansas State Fair.

Again this year Redline is joined by its friends and neighbors from across the South in presenting what is easily their best and largest offering to date.

If you like good cattle, good people, gracious Southern hospitality and beautiful spring weather, you'll be at Redline on April 6.

HARRIS SIMONS  
The Shorthorn World

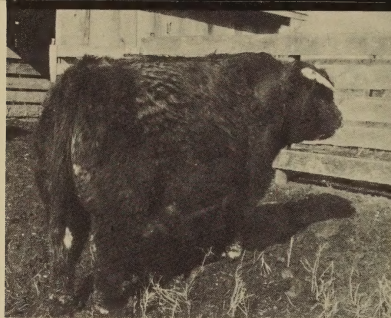

RLS Victoria 2nd was grand champion female of the 1968 Ft. Worth Stock Show. This magnificent female and All-American nominee sold in the 1968 sale at \$1,300 to Aberfeldy Farms, Milton, Ont.

# THESE STOCK BULLS ARE

## MOY LEGEND

One of the few AAA bulls in the United States or Canada, he has served long and well at Redline after being imported from Scotland. He is by Calrossie Legend that also sired Leveldale Peerless and that was known throughout the world as a sire of thick, well-muscled cattle. Sire of innumerable champions and sale tops, he represents a strong source of out-cross blood for many herds. He is gone now and this sale provides the last opportunity to buy his get.

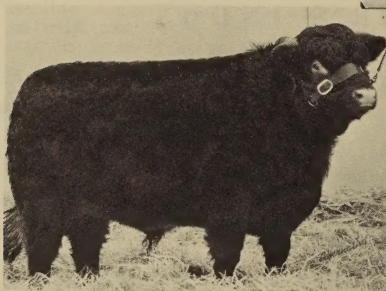

## M S U SPARTAN DIADEM 6

By the incomparable Calrossie Diadem himself, the 6th was purchased at \$2,000 in the 1966 Ak-Sar-Ben National where he was grand champion. And, many of them sell bred to the 1968 International supreme champion Hickories Max, or to the ultra-modern reserve junior champion of the Pennsylvania Livestock Exposition, Acadia Messenger x.

Each of the females consigned by Hart Farm is really big and modern. Many of them sell bred to Candun Leader 9th, the big son of the noted T P S Coronet Leader 21st x, AAA, without peer in acceptance in the great western range country for size and performance, to the long Louada Waverley, or to B F Lodestar Silver King.

A daughter of the All-American Aberfeldy Fearless sells, like the one that topped the 1967 sale at \$1,650.

Here is an opportunity to buy the service of some of the most popular young stock bulls of the breed that are described in detail at the front of the catalog.

Each of the females selling is in the best of health and in good, thrifty breeding condition.

Most of the females selling are already safe in calf to such great sires as Belvoir Constellation x, Daybreak Nugget, Melbourne Panorama, and others.

A number of Polled Shorthorn females sell to fortify that important branch of the breed.

And the free delivery offer will take your purchases to or near your front door at little or no cost.

At Redline you buy the best of blood, the most careful development and a reputation backed by years of integrity and fair dealing.

A Redline female belongs in your herd.

**R L F Victoria 2nd**, by Redline Mable Career, brought the second-top price in the last Mid-South sale, going to Reford W. Gardhouse, Milton, Ont., at \$1,300.

**Hickories Max**, International supreme champion. Most of the very choice females consigned by Dr. Haight to this sale carry his service.

# STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
